運輸及房屋局局長

要求政府提供本人樓宇資料

根據西港島線刊憲的文件顯示，政府將會回收本人物業樓宇的地層興建地下隧道，因而令本人樓宇的價值受損及限制了樓宇的發展潛力，造成嚴重的經濟損失。

由於本人對本樓宇及港鐵管道的資料並不清楚，所以現要求政府及香港鐵路有限公司以書面方式，向本人提供所住樓宇現時的地積比例及將來可建的最高地積比例、現時本人樓宇的市值呎價、現時本人樓宇的地下樁柱的位置及深度、港鐵隧道的位置及呎吋、石層的深度等資料，有助本人能夠清楚掌握受影響的情況。

Requesting the Government to provide information of my property

According to a Gazette notice about MTR West Island Line works, the Government will resume the underground strata of my property for the construction of a tunnel. This is bound to have an adverse impact on the value and development potential of my property, thus causing me significant financial losses.

As I have little information of my property and the planned MTR tunnel, I am now requesting the Government and MTRC to make available in writing to me such information as the existing plot ratio and the maximum plot ratio permitted in future of my property; the prevailing market price (in terms of per sq. ft.) of my property; present positions and depths of my property's underground piles; position and dimensions of the planned MTR tunnel, and depth of the rock strata etc. Such information will help me assess the impact on my property.
